PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, TUESDAY, FEBRUARY 7, 1939

NUMBER 25

NEW STORM CLOSES SCHOOL

BASKETBALL GAMES OFF

Schedule Continues On
Thursday With Tonight's
Games To Be "Picked Up"

STANDINGS

	W	L	Pct.
All-Stars	4	0	1.000
Cougars	4	1	.800
Mosquito	2	1	.667
Twenty-Three	3	2	.600
Forest Service	3	2	.600
Snowline	2	2	.500
American Legion	2	3	.400
Native Sons	2	4	.333
De Molay	1	3	.250
Texaco	0	5	.000

The county basketball league has called off its scheduled games for tonight at the high school auditorium.

Owing to the storm, there was no school at the high school today and consequently the league officials felt that in addition to the inconvenience of the storm, the heating problem made it best to call off tonight's games.

According to the league officers, the games scheduled for tonight, Mosquito vs. Texaco, Twenty-Three vs. Forest Service.

Heavy Tourist Travel Seen

Golden Empire To Share
In Entertainment Of
Visitors To S. F. Fair

SACRAMENTO — The United States Travel Bureau estimates a heavy westward travel through the Golden Empire during 1939. This statement is made by J. L. Bossemeyer, Supervisor of the San Francisco office of the Travel Bureau.

He states that the preliminary inspiration for this westward movement will be the Golden Gate International Exposition in San Francisco. He states that surveys show that thousands of people of the East and Midwest are planning their first trip to the Pacific Coast. These tourists indicate that they plan to make the West trip in a leisurely manner with ample opportunity to visit scenic and historic spots along the way.

In this connection, Harold J. McCurry, general chairman of the Sacramento-Golden Empire Centennial said: "The counties of the Golden Empire have a great opportunity during 1939 to attract the visitors who will be in California for the Exposition. The number of visitors who will make the tour of the 16 counties of the Golden Empire will depend not only on the attractive features which each community plans, but on the cooperation which each of these communities gives in connection with the general Centennial program.

"Now is the time for each community to plan its program and to notify the Centennial headquarters in Sacramento concerning these plans so that the Centennial may cooperate by publicizing the attractions which each community holds."

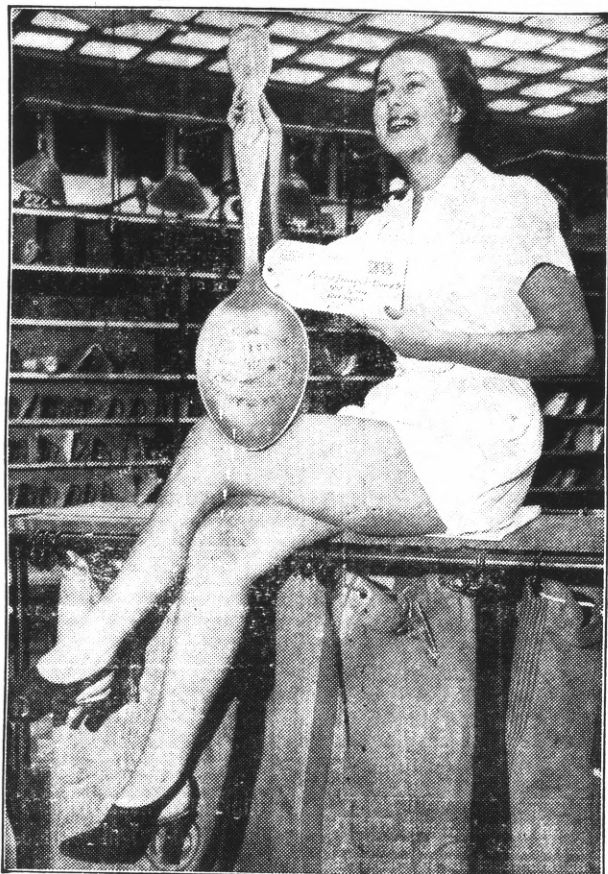

Home Building During January Increases

New residential building in California rose sharply in January to its highest level since last October, showing a better than seasonal increase over December and a gain of nearly 60 per cent over January, 1938, according to permit figures received from eleven principal cities by the Analysis and Research Department of the Bank of America.

The dollar value of January permits in these cities was \$7,175,000, a new ten-year high for that month, and a gain of 14 per cent over December, 1938. When compared with January, 1938, this year's permits showed an increase of about 60 per cent; however, residential building during the early part of 1938 was curtailed until after February 3, when the new amendments liberalizing the PHA act became effective. The increase over January, 1937, amounted to 29 per cent and the gain over January, 1936, was 123 per cent.

Mr. and Mrs. Justus Brand, of Lodi, spent the weekend with relatives at the Shepard ranch at Fruit Ridge.

It's Spoon For President

NOT EVERYONE IS "born with a silver spoon in his mouth," but it seems that the Golden Gate International Exposition, opening February 18 at Treasure Island, in San Francisco Bay, is in that class. Here's the spoon with the Tower of the Sun and the Bay Bridge engraved on the bowl, which Tanya Widrin is mailing to President Roosevelt as a souvenir.

48 FIRE ALARMS REPORTED IN CITY FOR YEAR

Department Chief Reiterates Need For New
Engine House To Accommodate Four Men And
Equipment In Presenting Annual Report

Placerville's need for a new fire house was again brought before the City Council Monday night by Fire Chief Mark Tetrault, who presented his annual report mentioning 48 fire alarms sounded in the community during the year.

These included calls for 23 fires in houses, thirteen grass fires, five fires in business establishments, four fires in automobiles and three false alarms.

The report also recommended to the council as a fire safety measure the installation of freeze-proof hydrants as rapidly as possible.

The fire chief also reported that members of the department now

have green clearance lights on the front of their cars, so that in the case of fires after dark, the department members may be readily identified by police officers who are directing traffic, and given clearance into the fire zones from which the cars of the general public are barred.

In stressing the need for a new fire house, Tetrault pointed out that the community is growing and that with a larger number of people in the community, the hazard of fire is greater. In 1937, he declared, there were only thirty-five alarms while in 1938, the number of alarms increased to forty-eight.

HISTORICAL SOCIETY TO MEET WEDNESDAY AT COURTHOUSE

An important meeting of the members of the El Dorado County Historical Society will take place in the court house Wednesday evening at 7:30 o'clock.

Among the most important items of business to come before the group will be a check-up on the campaign for a building fund; and the passing of an amendment to the constitution and by-laws. The amendment is being made in order to meet certain requirements so as to incorporate the Society under the laws of the State of California.

"EMERGENCY EXISTS," ROOSEVELT WARNS ON RELIEF BILL

WASHINGTON, (UP)—President Roosevelt today warned congress that an unemployment relief "emergency exists" and recommended immediate consideration of appropriation of \$150,000,000 more for the Works Progress Administration.

"In my opinion an emergency now exists," the President said in a special message asking that congress reconsider its decision of last month to reduce his deficiency WPA relief appropriation by \$150,000,000.

Mr. and Mrs. William Murray, of Chico, are the parents of a daughter born on Monday, Mrs. Murray is the former Mildred Davey, of Garden Valley and Placerville.

HISTORY UNIT PLEDGES \$600

Goal In Finance Drive
Half-Achieved, Society
Reports On Tuesday

The committee on solicitations for the El Dorado County Historical building report they have now secured contributions in excess of \$600 toward a goal of \$1200. The group is now confident of completing the total amount during the present week. So far the contributions have all been from individual citizens of the county although several organizations are giving the subject consideration.

During Monday several additional names appeared on the list of those who are underwriting the building fund. The complete list to date includes:

Dr. D. W. Babcock
Max Baer
Mrs. C. M. Bayne
Cecil Barker
Clarence Barker
Swift Berry
California Door Company
Cannon Chevrolet
H. E. Dillinger
Roger Douvres
H. N. Farrell
Fox Brothers Drug Store
Enmet Golden
Howard Higgins
Ogden Hook

Conservation Week Set

Annual Observance Will
Open March 7, Includes
World's Fair Displays

Through the efforts of more sincere conservationists California Conservation Week, March 7-14, will be fittingly observed in every city and county of the state. This was announced as the long-heralded plan of the California Conservation Council headed by Governor Culbert L. Olson and Miss Pearl Chase, Santa Barbara, respectively the honorary chairman and chairman of the fifth annual observance.

County and state-wide officers of the week say that the observance will awaken even further interest throughout the nation, as a result of conservation exhibits and demonstrations at the Golden Gate International Exposition on San Francisco's Treasure Island, March 7-11. Announcement of Conservation Week activities for 1939 came from a group of government officials, educators and leaders of organizations concerned with the conservation and wise utilization of natural resources.

FREEZING FORECAST ENDS FLOOD FEARS ALONG OHIO RIVER

LOUISVILLE, Ky., (UP)—The Ohio river was rising steadily toward an expected crest of six feet above the flood stage but forecasts of a severe cold wave alleviated fears of a disastrous flood.

River stages were falling or stationary in the northern part of the valley from Pittsburgh to Portsmouth, O., and indications were that the river would be near normal above Louisville by the end of the week. The Red Cross prepared to aid an estimated 30,000 persons who have been driven from their homes along the Ohio and its tributaries in West Virginia, Ohio, Kentucky and Indiana and in the Tennessee Valley in southern Kentucky and western Tennessee.

Meteorologist James L. Kendall said the river was rising early today at the rate of one tenth of a foot an hour. It already had reached 31 feet — three feet above flood stage — and was expected to reach a crest of 34 feet tomorrow.

Pilot Credited With 670 Miles An Hour

SHREVEPORT, La., (UP)—Second Lt. Troy Keith, an army aviator, was credited today with making a power dive at 670 miles an hour.

Fellow pilots who checked the instruments on his plane estimated his speed at more than 11 miles a minute.

In Miami Beach Lipton Race

R. J. REYNOLDS AT THE TILLER of Blitzen, a favorite entry in the annual Sir Thomas Lipton challenge cup race to be held Saturday, February 11, over a 30-mile course off Miami Beach, Fla. Rod Stephens, famous trans-Atlantic racer, stands astern of him working the main winch.

LIONS ENTERTAINED BY SCOUTS AT LUNCHEON

Club Votes Support For Whisker-Growing,
Makes Further Plans For Ladies Night
Honoring International Head Next Week

Placerville Lions were entertained at their luncheon meeting Tuesday by the members of Troop 37, Boy Scouts, under the direction of Scoutmaster Wilder Immel, who was the club's guest.

The occasion was in observance of the Boy Scout Anniversary Week, currently being kept throughout the nation, observing the twenty-ninth anniversary of the founding of the organization.

The club, in a test vote, balloted 33 to 21 in favor of raising beards after the matter had been brought to the attention of the club by Lion Ogden Hook, president of the chamber of commerce. There was some discussion before a rising vote was taken.

Lion Secretary Arthur Mart.

LEONA REBEKAH LODGE PLANS FEBRUARY BIRTHDAY MEET

Leona Rebekah Lodge met Monday, February 6, Mrs. Enid Mart, Noble Grand, and Mrs. Laura Stroup, vice grand, presiding for the first time. There were about 35 present.

Noble Grand Enid Mart appointed the following finance committee for the ensuing term: Ayes B. Ailman, chairman; Josie Besse, Mary Rasmussen.

Captain William Shuman of the drill team was present and announced that Wednesday, February 15, would begin the drill practice for initiation in March.

A birthday party was planned for the next meeting on February 20, to celebrate the anniversary of all those members having birthdays in February. All members are urged to attend.

Unified Relief Bill Gets Endorsement

SANTA ROSA — Acting upon the plea of W. O. Russell, chairman of the Yolo County Board of Supervisors, the North Coast Council of the State Chamber of Commerce endorsed AB 1755, introduced in the opening session of the legislature by Assemblywoman Jeannette Daley, of San Diego.

Assemblywoman Daley's bill would consolidate at state and county relief activities into one state public assistance program, with one administration and equitable division of financing. It is sponsored by the Statewide Coordination Committee on Relief which is made up of 12 statewide civic organizations. Supervisor Russell is a member of the Coordination Committee representing the California Counties Tax Equalization Association.

SITUATION TENSE IN 48-HOUR TRUCE AT WESTWOOD

WESTWOOD, (UP)—The biggest lumber mill in the west remained closed today under the ominous 48 hour truce ordered by American Federation of Labor sawmill workers before "taking matters in our own hands" in attempts to obtain a closed shop.

The mill was tied up after AFL men left their jobs, established a 600 man picket line in a driving snowstorm, and prevented 140 CIO men from going to work.

Criticism of their action from their employers, the Red River Lbr. Co., and Gov. Culbert L. Olson drew torrid and at times profane response from AFL spokesmen.

They demanded that the National Labor Relations board "quit stalling" and call an immediate election to determine whether the AFL or the CIO would be bargaining agent for the mills' 2000 employees.

They booed Adjutant General Patrick J. H. Farrell and other high ranking officers of the California National Guard and shouted in open mass meeting, "you Boy Scouts had better not interfere with us."

A new storm swept over the county and the balance of the northern part of the state Monday night and Tuesday, bringing snow to low levels in the county and making rural roads uncertain for school bus travel.

This brought about closing of the high school for classes on Tuesday.

Principal B. E. Larson said Tuesday noon that in view of the continuing storm, and the forecast that the storm may continue tonight and Wednesday, no plans are being made at this time for a resumption of classes at the high school.

Council Helps History Unit

Pledges \$20 Per Month
For Year To Be Used
To Pay Building Rent

Placerville City Council, at the regular meeting Monday night, took action pledging the city to contribute to the El Dorado County Historical Society for one year, \$20 per month.

The pledge is with the provision that the money must be used to help pay the rent on the Sacramento street site, recently leased by the society as its headquarters.

The pledge was the Council's answer to a solicitation voiced by a group of society members, who called on the council with Reuel Whigham as spokesman.

The hopes of the society that its headquarters may become one of the showplaces of the county and a center of tourist interest because of the large number of historical relics which it is hoped will be on display there, were voiced by Mr. Whigham in calling upon the support of the Council for its activity.

The council had a large amount of other business which, we are assured by the clerk, was of purely routine nature.

BELL PLEADS GUILTY TO LEWD AND LASCIVIOUS CONDUCT CHARGE

Charles W. Bell, of Smith Flat, on Tuesday morning entered a plea that he is guilty of lewd and lascivious conduct, when arraigned before Judge George H. Thompson in Superior Court.

Although it is understood the statute automatically bars Bell to the granting of probation, he made such application and the matter was by the court referred to the probation officer for investigation and report on Friday afternoon, at which time sentence will be passed.

ATTORNEY POSTS BOND FOLLOWING ARREST ON CHECK CHARGE

Carl H. Allen, San Francisco attorney, who was arrested over the weekend on a charge of issuing a check without funds, preferred by Frank Globin, of Al Tahoe, has posted \$2,000 bail to insure his appearance here on February 16 for a preliminary hearing.

Allen is alleged to have issued during the past summer a check for \$25 to Globin at his establishment at Lake Tahoe, which was not honored by the bank on which it was drawn.

CRIME CLUB STORY AND "MARRIAGE BUSINESS" ON EMPIRE SCREEN

Topping its four predecessors in Universal's Crime Club series in eerie suspense, wise-cracking comedy and romantic delineation, "The Last Express" opens a two-day showing tonight at the Empire theater.

Based on Maynard Kendrick's best-selling Crime Club novel, the film is colorfully enacted by a cast that includes Kent Taylor, Dorothea Kent, Don Brodie, Greta Granstedt, Paul Hurst, J. Farrell MacDonald and Shaw and Lee.

Two baffling murder mysteries, in which a dozen suspects are implicated, are presented for solution by Duncan MacLain, a new and romantic detective character brought to the screen by Taylor.

Note to Joe Louis: boy, hang on to what you're making . . . some 35 years ago a fellow named Jeffries dominated the heavyweight field as thoroughly as you do today . . . and today, Jeffries is padding out his income by running amateur fights in a barn near Burbank, Calif. . . . reports from Australia have it that John Bromwich is working on—and mastering—a new service . . . if he brings a fast, sure service to this country, Bromwich will lift the Davis cup for Australia and become the No. 1 amateur in the world before you can say Bobby Riggs, much less Jack Robinson . . . a girlish, awkward service was his only weakness last year . . . a master penman is costing Santa Anita hundreds of dollars by altering losing pari-mutuel tickets into winning ones . . . he picks up discarded losing tickets, makes a few strokes with his pen and — presto! — the cashiers honor them . . . it is dishonest, I know, but I do declare it is the only sure

GOVERNOR EXPLAINS HIS PURPOSE IN GIVING NEGRO REPRIEVE

AUSTIN, Tex., (AP)—Gov. W. Lee O'Daniel said his first explanation for postponing a Negro murderer's execution for 30 days so the Negro could suffer the more, had been designed to arouse public opinion against capital punishment.

"It electrified the feelings of those who read it in such a manner as to even cause them who believed in the death penalty to get a different slant on this atrocious practice," said O'Daniel, for years an opponent of capital punishment.

He granted a 30 day reprieve last week to Wenzell Williams, saying that Williams could "suffer this dreadful punishment . . . of seeing certain death staring you in the face day and night for 30 days."

BITTER END TO WINTER
BERLIN, Conn. (AP)—Winter came in like a lion and will go out the same way, according to local old-time forecasters. By studying the shading of stripes on caterpillars, they predicted a comparatively mild period before the season ends with a flourish.

Republican Class Ads Always Pay.

In Ransom Tax Case

The U. S. bureau of internal revenue, before the board of tax appeals in Chicago, charges that Murray Humphreys, formerly associated with Al Capone, received \$50,000 as a ransom in 1931 but paid no tax on it. Robert Fitchie, union leader, is said to have been kidnap victim for whom the ransom was paid in 1931.

LAND OF THIRST
SYDNEY, Australia (AP)—Australian brewers frankly turned up their noses at the suggestion they imitate the United States in putting on the market sixteen-ounce bottles of beer. They insist that nobody in Australia could ever slake his thirst on anything less than the Australian standard 13-ounce bottle.

Stockmen Will Hear Ickes Talk

Secretary of the Interior Harold L. Ickes will speak at San Francisco at the convention of the American National Livestock Association, to be held February 15, 16, and 17. Mr. Ickes' address is expected to deal primarily with the public domain, and under present plans the address will be broadcast over a national radio hook-up at 4 o'clock, Thursday, February 16th.

This announcement was made by John Curry of the California Cattlemen's Association.

Southern Pacific Man Suffered Painfully with STOMACH ULCERS

Roseville, Calif.
Jan. 19, 1939.
To Whom It May Concern:
I am a conductor on the Southern Pacific Railroad. About three months ago I began suffering with terrible pains in my abdomen. I of course, didn't know what was causing it, so went to a doctor who said I had stomach ulcers. The pain became worse so I was taken to the S. P. hospital on a stretcher. After remaining in the hospital for about six weeks on a rigid diet was released but the pain in my stomach still bothered me. Mrs. Marian Crabtree, of Lincoln told me several times to see Dr. Henry Yee as he had helped her tremendously with Gall Bladder trouble.

I was in Sacramento about two weeks ago and my stomach was giving me more trouble than I had experienced in some time so I decided to take Mrs. Crabtree's advice and see Dr. Yee.

After two weeks of his herb treatments the pain has left my stomach entirely and I eat and enjoy almost anything.

I am happy to have the opportunity to recommend Dr. Henry Yee to anyone suffering with Stomach Ulcers.

The FARMERS' CORNER

by RALPH H. TAYLOR
Executive Secretary
Agricultural Council
of California

The beggar with his tin cup, standing dejectedly on the street corner, asking alms, is seldom seen in California in this era of direct relief, work relief, pensions and social security.

But there is undeniable evidence that California has more professional paupers than at any time in its history—and that the nation at large is faced with the problem of a growing class of relief-bred Americans who collect their alms in government checks instead of using the tin-cup.

Relief has been made more attractive to the indolent and lazy than honest labor.

And the stigma that once attached to charity has been replaced by the quack dogma that government owes every person a living.

The fundamental fact that government is merely a composite of the people—and that the person on relief, even though his check comes from a government bureau, is actually living on his neighbors—seems to have been completely obscured.

That may seem, at first glance, a harsh indictment. But it is also a harsh reality—a condition that both state and national leaders readily admit privately, and that some are willing to discuss publicly.

The constantly mounting demands for relief funds (1938 expenditures reached a new all-time high) threaten to bankrupt both the state and federal governments unless a halt is called. California's tax payments to the federal government, for example, have more than doubled during the past five years—largely as a result of relief costs. And the record-breaking state budget now pending before the Legislature calls for some \$60,000,000 in new taxes—largely as a result of increasing relief expenditures. But even that is only part of the story, for relief costs, in the main, are being financed on a borrow-as-you-go basis—with a constantly pyramiding debt that eventually must be paid, with compound interest, by workers, farmers, business men and

every class of producer and taxpayer.

Still more serious, according to students of the problem, is the fact that relief has been so easy to obtain—and in many cases so liberal—that hundreds of thousands of relief recipients have ceased to seek work or want work in private industry and are likely to become permanent dependents of government unless there is a drastic purge of relief rolls in the immediate future.

And aggravating the problem is a disposition on the part of many employed persons to abandon the old-fashioned habit of saving against a rainy day because they feel the government will take care of them if they lose their jobs.

California, according to latest official figures, has some 280,000 persons on the dole—and probably tens of thousands additional who are receiving partial support from government in one form or another. And WORKING CALIFORNIA—labor, the farmer, the business man and the professional man—is footing the bill, with between 20 and 25 per cent of its income going to pay federal, state and local taxes!

It is to be hoped that the state legislature, when it considers the state budget and the relief problem, will consider the welfare of the state as a whole. It is to be hoped that some action will be taken to weed out relief chiselers and professional paupers who are taking "a free ride" at the expense of their more industrious neighbors. It is to be hoped that something will be done to prevent the spread of dole-addiction and to restore self-respect and industrious habits.

The suggestion has been made that a list of all persons on relief be published once a month in their local newspapers—not to embarrass the deserving, but to turn the spotlight on professional "star-boarders."

The objection is made that such publication would work an injustice on those forced to accept relief through no fault of their own. It might be noted, however, that delinquent tax lists are published—and that thousands of taxpayers have undoubtedly gone delinquent through no fault of their own during recent years. And thousands of others will soon be delinquent unless relief costs are brought within reasonable bounds.

The person who wants work and cannot get it is deserving of public aid until he is able to become self-supporting.

New Members to Committee

Senator Henry F. Ashurst (center), of Arizona, chairman of the powerful Judiciary committee of the Senate, welcomes two new members to the committee: Senators Alexander Wiley, of Wisconsin (left), and John A. Danaher, of Connecticut.

Automobile Owners Eligible For Income Tax Deductions

When making out their income tax returns car owners are entitled by law to certain deductions for sums paid out or losses sustained in connection with the ownership and operation of automobiles, it is pointed out by the California State Automobile Association.

Substantially the same deductions are permitted under the Federal income tax law and the California personal income tax law. Federal tax returns must be made by March 15 and state tax returns by April 15. Deductible items are summarized by the Automobile Association as follows:

All sums paid during the calendar year as registration fees, vehicle license fees, personal property taxes, and municipal taxes.

Interest on money borrowed for the purchase of an automobile.

The amount of financing charges on automobiles purchased which covers the interest on the loan, when specifically set forth in the contract, but not the amount covering the premium on insurance to protect the finance company's interest.

Automobile insurance on cars used for business purposes.

Uncompensated losses sustained by reason of damage to automobiles used for business or pleasure.

Damage paid for injuries to persons or for destruction of property, provided the automobile was being used for business at the time of the accident.

Loss sustained when a car used for business is sold outright at a price less than its depreciated value. (Loss sustained where an automobile used for business is traded in for a new car cannot be deducted, but such loss can be considered as part of the cost when computing the depreciation for the ensuing year.)

When a purchaser of an automobile takes delivery out of state for use in this state even though it is purchased from a retailer in this state, or where the purchaser buys the car from a retailer outside the state and brings the car into California for use, the California Use Tax Act imposes a tax upon the consumer and whatever tax is paid by the consumer under this act is deductible.

All operating and maintenance expenses, including depreciation, on automobiles used wholly for business, or to a pro rata share of such expenses representing business use where a passenger car is used for pleasure and business. Depreciation usually is figured at 20 per cent per annum. Where an employee receives an allowance or mileage from the employer for automobile operation, unless such allowance is declared as part of income no claim can be made by the employee for deduction on account of operating expenses.

Non-deductible items include the California and federal gasoline tax and the federal taxes on lubricating oil, tires, tubes, accessories, new cars and trucks. A federal ruling is that these taxes are imposed upon the manufacturer or distributor, not upon the consumer.

No deduction can be made for the amount paid for an automobile used for either business or pleasure, this being a capital expenditure and subject to claim for depreciation where the automobile is used for business.

"Beware Solicitors," Whiskerinos Warned

SACRAMENTO—Residents of the Golden Empire area who are growing whiskers as a part of their participation in the Sacramento-Golden Empire Centennial are advised today to "stop, look and listen" before yielding to appeals of high-pressure salesmen seeking orders for souvenirs, yearbooks or other mementos.

"The Whiskerinos of the World have not as yet authorized any souvenir cards, emblems, year books or anything at all," declared R. L. (Spray) Moore, Sacramento, Chief Whiskerino of the World.

Household Hint

If you have an inner-spring mattress, handle it carefully to prevent any of the springs from loosening. Turn it quickly and lay it on a flat surface to air. Never hang it over the end of a bed, as the springs in the center could then easily get out of condition.

There will be some Gilbert & Sullivan recordings to be heard over KGO at five o'clock.

An hour later, KPO offers wings of melody, followed, at the half hour by Fibber McGee. At six-thirty, you have a choice of Benny Goodman, KFSO. Mr. Johnson bends a knee at

Bob Hope's program highlights the seven o'clock hour, KPO. Jimmie Fidler picks up on KSFO at 7:30 and you might care for that night editor program, 7:45 on KPO. The boys eat so much candy you'd expect them to have pimples.

Amos and Andy at the same time and place, and at 8:30 Mr. Morgan and staff come up the trail again on KPO. Some of these nights, they'll play that theme song all the way through.

Good morning tonight is KPO's offering at nine o'clock, and on KSFO, Mr. Johnson bends a knee at the same time. A carnival takes over KPO at the half hour.

Andrew Marchini was a caller in the county seat Tuesday from Gold Hill.

Injured in Tragedy

Weakened after her ordeal, Mrs. Nellie Smith, of Pembroke, Bermuda, is pictured in ambulance as she was rushed to a hospital immediately upon arrival at New York of the rescue ship, *Esso Baytown*. Bruise on chin was received when the Bermuda-bound *Cavalier* crashed into the Atlantic.

3 STATE CIVIL SERVICE EXAMINATIONS ARE ANNOUNCED

SACRAMENTO—Three state civil service examinations were announced this week by Louis J. Kroeger, executive officer of the State Personnel Board.

Examinations for Forest Management Economist, \$260 a month, and Graphotype Operator, \$80 a month, will be held on March 4. Applications for the first examination must be from those graduated from college with major work in forestry and must have had five years of recent experience in technical forestry work, three years of which shall have been in responsible forest management or forest research work.

Applicants for the Graphotype operator examination must have completed the twelfth grade. Applications for both these tests must be filed by February 18.

An examination for Educational Exhibits Technician, \$320 a month, will be held March 9. Entrance requirements for this position include graduation from college, one year of secondary or college teaching experience, and four years of experience in planning, designing, and installing major exhibits, including experience in motion picture production and stage craft. Applications for this examination must be filed by March 2.

Bulletins outlining these examinations and application blanks can be obtained from the Sacramento, San Francisco or Los Angeles offices of the State Personnel Board.

Calaveras Cement Firm Declares Dividend

At a special meeting of the board of directors of the Calaveras Cement Company, a dividend of \$1.90 per share was declared on the preferred stock, payable February 18th, 1939, to shareholders of record, February 9th, 1939. The dividend payment applies on account of the preferred stock accumulations.

Basketball Games Off

(Continued from page 1)

vs De Molay and Snowline vs Cougars, will be "sandwiched in" sometime during the schedule.

Thursday night's games will be as previously scheduled, with the DeMolay meeting the All-Stars, the Twenty-Three playing Mosquito and the American Legion meeting the Native Sons.

This type of an arrangement is necessary, it was explained, because the high school CIF schedule is inter-woven with the league schedule, and also because the league schedule must be carried out and completed as originally planned so that the school auditorium will be available for other activities which are all ready planned.

COPYIST-CLERK TESTS UNDER STATE CIVIL SERVICE SET

SACRAMENTO—Two state civil service examinations to be given in Sacramento only were announced by Louis J. Kroeger, executive officer of the State Personnel Board.

Applications for Intermediate Stenographer-Clerk, \$110 a month, must be filed in person at the Main Agricultural Building, Fair Grounds, between the hours of 9:00 a. m. and 11:00 a. m., 1:30 p. m. and 3:30 p. m., and 7:30 p. m. and 8:00 p. m. on Thursday, February 9, and between the hours of 9:00 a. m. and 11:00 a. m., 1:30 p. m. and 3:30 p. m. on Friday, February 10, 1939. Typing tests will be given February 9 and 10 at the time of filing applications. The stenographic and written tests will be given February 11. This examination is restricted to residents of Sacramento and Yolo counties and parts of Colusa, Sutter, Yuba, Placer, El Dorado, Amador, San Joaquin, Contra Costa, Solano and Napa counties.

An examination for Tabulating Machine Operator, \$110 a month, will be held February 25, 1939. The one year California State residence requirement has been waived for this test. Applications for this examination must be filed by February 18, 1939.

Bulletins outlining these examinations and application blanks can be obtained from the office of the State Personnel Board, 1025 P St., Sacramento.

Wife Preservers

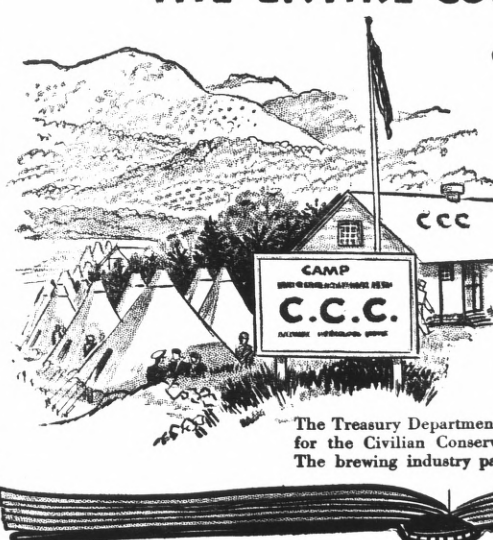

It is difficult to get muffin batter from mixing bowl into the pans without some running over the edges. Pour batter into well-greased pitcher first and you will have no trouble. This goes, also, for waffles and pancake batter.

THE ENTIRE COST OF THE C.C.C.

COULD BE PAID FOR BY

THE TAXES OF THE BREWING INDUSTRY!

The Treasury Department shows expenditures of 326 million dollars for the Civilian Conservation Corps for the fiscal year of 1938. The brewing industry pays over a million dollars a day in taxes.

What Beer contributes to the re-building of America would fill a great volume

Over 400 million dollars in taxes every year. Over 1,000,000 jobs. A market for 3,000,000 farm acres of produce.

The brewing industry would like to preserve for itself and the people the many economic benefits it has created in the past five years. Brewers everywhere realize that this is a question bound up with the proper

distribution of their mild and wholesome beverage through retail outlets whose character will be a credit to the community. Obviously, the brewers can enforce no laws. But they can—and will—cooperate with the local law-enforcement authorities. They will cooperate with every group—friend or critic—to the end that retail beer outlets give no offense to anyone.

United Brewers Industrial Foundation, 21 East 40th Street, New York, N. Y.

Beer...a Beverage of Moderation

Nation's Taste Showing Trend Toward Vegetables

By FRED BAILEY

(United Press Staff Correspondent)

WASHINGTON (UP)—The average American is gradually becoming more of a vegetarian, a Department of Agriculture survey of food consumption since 1920 indicates.

The trend toward more vegetables and dairy products and away from meats may have been due in part, it was believed, to higher meat prices resulting from droughts during the 1933-1937 period.

The average per capita consumption of meat and fish declined from 138 pounds in the 1920-24 period to 126 pounds in the 1934-37 period. In the same periods average consumption of vegetables increased from 135 to 169 pounds.

The average American eats slightly more now than in the early 20's, the report showed. Total per capita food consumption in the 1934-37 period was 1,440 pounds, compared with 1,425 pounds in the 1920-24 period.

Officials said the slight shift away from meats was not enough to af-

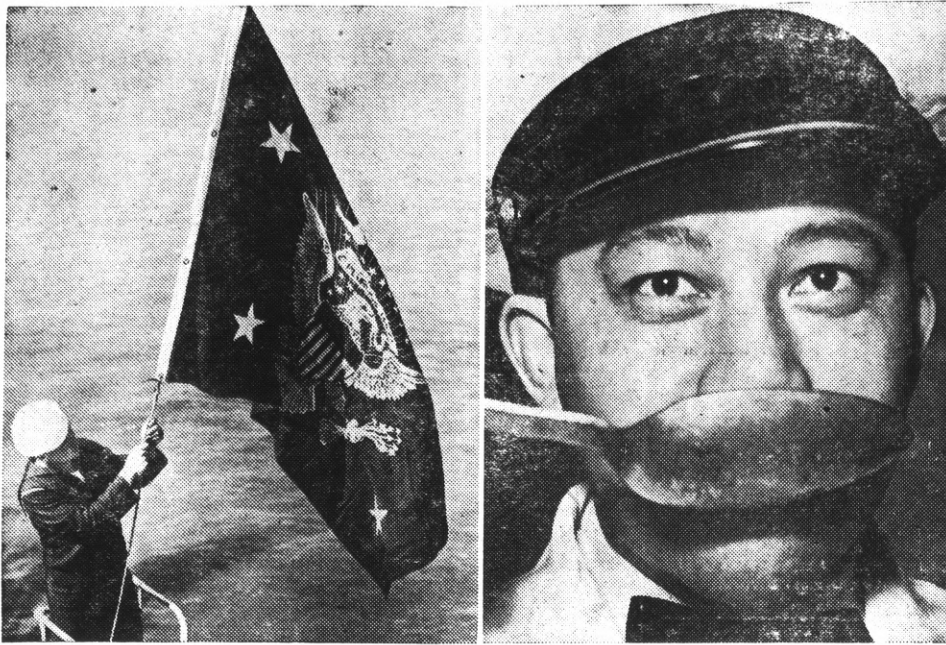

fect the livestock industry greatly and probably would not in the near future.

Changes in the annual per capita consumption of principal foods between the 1920-24 and 1934-37 periods were: cereal products, from 229 to 196 pounds; all potatoes, from 178 to 157 pounds; sugar and syrup, from 106 to 110 pounds; milk and cream, from 315 to 337; manufactured dairy products (principally ice cream, butter and cheese), from 49 to 49 pounds.

Vegetables, from 135 to 169 pounds; meats and fish, 138 to 126 pounds; eggs, from 28 to 30 pounds; beans, peas, nuts, from 11 to 16 pounds; fats (excluding butter), from 44 to 45 pounds; coffee, tea, spices and chocolate, from 16 to 19 pounds.

The per capita consumption of wool in the same period decreased from 6 to 5 pounds and for cotton from 27 to 26 pounds. Tobacco consumption, however, increased from 8 to 9 pounds.

Hoist the Flag, Stir the Soup—and Ahoy!

PRESIDENT ROOSEVELT WILL LEAVE Sunday, February 19, aboard the U. S. S. Houston on a double-duty cruise to relax and witness part of the combined fleet maneuvers between Cuba and the South American coast. Elaborate preparations are made to accommodate the chief executive each time he travels by sea, which is usually aboard the Houston. Left photo shows sailor with the presidential flag, flown from the ship. Right: Irineo Esperancilla, Filipino chef, who usually prepares the chief executive's meals on ocean journeys.

NEWS PERSONALS

Mr. and Mrs. Meeks and daughter, of Oakland, were here over the weekend visiting Mr. and Mrs. Henry Marks. Mrs. Marks is an aunt of Mr. Meeks.

Postmaster Joseph Scherrer is confined at home by illness.

Miss Maggie Atkins is home from a visit of three or four days in the bay district, during which she attended the Furniture Mart.

Frank Cunningham, 53, member of the WPA labor camp, arrested Monday by Highway Patrolman Bob Fowler for being drunk on a public highway, was given a thirty-day jail term before Justice of the Peace T. F. Lewis Tuesday morning, suspended on condition that he leave the county.

Raymond Rivera, 26, a member of the WPA labor camp, arrested Monday by Highway Patrol Captain E. A. Brewster and Officer Charles Flick, on a charge of being drunk on a public highway, was given a thirty-day jail term before Justice of the Peace Lewis Tuesday morning, suspended on condition that he leave the county.

A certificate filed with the county recorder on Tuesday tells of the birth on February 3 of a son, John Gerald Egan, to Mr. and Mrs. John B. Egan, of Placerville. Little "Jerry" is the sixth child in the family.

The fire alarm of about 5:30 Monday evening called firemen to

the home of Miss Alice Brown, on Coloma Street, where the fireplace chimney burned out, causing some apprehension. There was no damage.

Miss Maxine Bathurst celebrated her thirteenth birthday anniversary with a party at the home of her parents on Gilmore Street Saturday. Seventeen young friends attended and spent the afternoon at games, at the close of which refreshments were served.

JAPS SEE NO THREAT IN U. S. FORTIFYING PACIFIC ISLE

TOKIO (UP)—Japan does not believe that the United States has aggressive designs against her and the Japanese navy does not attach much importance to American plans to arm the far Pacific island of Guam, Admiral Mitsuamasa Yonai, navy minister, said in parliament today.

Yonai's statement seems somewhat ironic, but it seemed calculated to ease the situation as regards American and Japanese plans in the Pacific.

Wilson Admits Charge Involving Juvenile

Roy Wilson, charged with contributing to the delinquency of a minor, entered a plea that he is guilty at an arraignment Tuesday morning in Superior Court. He made application for probation and the matter was referred by Judge George H. Thompson to Probation Officer Charles W. Ball for investigation and report on Friday afternoon, at which time sentence will be passed.

Clarence Wilkinson is reported as among those currently confined with an influenza type of cold.

were reported as among those closed as a result of the storm.

Measurements taken at nine o'clock in the morning by the state Division of Highways placed the snowline at El Dorado and reported 14 inches of snow at Camino, twenty-eight inches of snow at Pollock Pines and twenty-two inches of snow at Kyburz. These figures are total depth. The fall at Kyburz in the 24 hours ending at 9 a. m. was ten inches.

The highway is closed to travel at Kyburz and chains are required on all cars going above Camino.

Herbert Youd, who is with the Standard Oil Company, at Richmond, is here to spend a few days with his sister, Mrs. Ivan W. Liley.
